

MISSION RECOVERY'S 3RD ANNUAL

Recovery Sunday

September 27, 2020

Opening the doors of the faith based community by providing **support, compassion, and relationships** in the community for those individuals or family members affected by addiction in all its forms.

Opioid addiction has reached epic proportions. Alcohol, illicit substances, and other addictions continue to destroy and tear families apart. We are asking for Recovery Sunday to be a time to set apart and pray for the souls of our nation.

Recovery Sunday September 27, 2020

Please Partner
with us on the
Last Sunday of
September

The precious souls of our nation and families are being devastated and torn apart by addiction in all of its forms. Alcohol, illicit substances, most recently opioid addiction is of epic proportions. Behind all addiction is pain and the faith based community has the resources with its message, community and financial resources to make a difference in one of the most if not the most relevant needs in our nation. September has traditionally been designated Recovery Month. Our vision is to engage the faith community to engage in the ministry of recovery. We are asking all members of the faith community to unify in addressing this great need by setting aside the last Sunday of every September as RECOVERY SUNDAY. This will be our third annual Recovery Sunday and the participation continues to grow. The ministries that have participated have experienced great participation and results.

ENGAGE:

Hear their cries and open your doors for a harvest of those in your community that are struggling with addiction and their family members. Due to shame most don't feel worthy to come to church so welcoming and praying for them for the hope and freedom that salvation brings can have transformational benefits to them.

EDIFY:

Through prayer and a message of good news about forgiveness, freedom from the effects of sin and the love of God can make a difference. Most in recovery have no concept of love.

ENCOURAGE:

By providing compassion, support and relational community that the individuals or family members need in the daily struggle. A community to help bear their burdens.

EMPOWER:

A day that seekers can leave empowered by being validated, given compassion, and hope. Also for information on ministries, classes, recovery ministries, and support groups available to them when they are not aware of the resources to educate them.

We would like for you to participate by at least taking time to pray for people who are hurting and their family members. For those that would like to get more involved we have suggestions on our website: AddictionRecoverySunday.org
